FRENCH GOVERNMENT SCHOLARSHIPS
Application file
Explanatory note 2022-2023

This explanatory note will help you to understand how to compile your application file for the French Government Scholarship program.

Please read it carefully and entirely before starting the application process.

1. The French Government Scholarships (BGF)

The French Government Scholarships are open to Master and Ph.D. students.
There are two types of scholarships:

- **The social protection scholarship¹** only covers tuition fees and social security during the stay in France. No allowance is given to the student;
- **The full scholarship** covers the followings :
 - your daily expenses thanks to a monthly allowance (around 700 € in Master and 1 415 € in Ph. D.);
 - a round-trip airplane ticket from Cambodia to France and back;
 - your tuition fees in a public French university or up to 5 000€/year for the privates ones;
 - your health insurance (medical expenses reimbursed by the French government if you have a health issue);
 - a priority access to government subsidized student housing²;
 - the “scholarship student status” which will give you many discounts in France;
 - a repatriation insurance.

Applications in any field of studies will be accepted, with a special interest given to the following fields:

- international and public law ; economy ; linguistics ; history and archaeology ; anthropology
- agroecology ; vulnerabilities and inequalities in access to and uses of natural resources ;
- engineering sciences : mechatronics ; network and telecommunications ; energy engineering; industrial engineering ; food engineering ; water and environmental engineering.
- Arts: art, design, fashion, music, architecture, 3D.

¹ *The social protection scholarship cannot cover all students' expenses in France. It is best fitted for cofunding.*

² *Being a French Government Scholarship awardee helps accessing student housing subsidized by the government. Nonetheless, we cannot guaranty to all students their placement in such facilities. Housing remains students' responsibility!*

2. French Government Scholarships duration

The French Government Scholarships duration is as follows:

Master	10 months a year (September – June)
Ph.D.	18 months over 3 years of thesis

Here is an example of a possible 18 months Ph.D. scholarship management:

D1	6 months (doctoral training)
D2	6 months (field research)
D3	6 months (redaction supervision and defense;)

The 18 months' scholarship repartition must be decided over the 3 years of the Ph.D. by the students together with their thesis supervisors.

Please note that only PhD students under joint supervision can stay in France less than 6 months. The joint supervision agreement must contain a thesis calendar.

Moreover, 18 months is a maximum duration. If the research topic and/or the research schedule do not justify 18 months of presence in France, awardees may receive a shorter duration (12 months for instance).

3. Eligibility criteria

Before applying, candidates must verify that they meet the BGF eligibility criteria below:

1. To submit a complete application file
2. To be a Cambodian national;
3. To have at least a Bachelor degree at the time of departure (September 2022);
4. For applications in French taught programs, good French language proficiency is required. Students will be asked to provide an official **DELF B2** diploma, or to have received a French higher education diploma (baccalaureate, bachelor or master taught in French).
ATTENTION: if you are taking the March 2022 DELF exam, you will have up until **June 30 2022** to submit your results to the Embassy;
5. For applications in English taught programs, a good English language proficiency is required. 7. For civil servants,: to have the hierarchy's agreement to pursue a master or a Ph.D. abroad.

Note: All candidacies will be reviewed with respect to gender equality.

- *their administrative registration in the French university they wish to join ;*
- *their French Government Scholarship application ;*
- *their registration on the Etudes en France platform.*
- *The applicants that will be selected for a BGF in 2021 that won't be selected by their first choice university will have the opportunity to keep their scholarship for their 2nd and 3rd choices. The candidates that will only make one choice will not have this opportunity.*

Applications with a co-funding (from a Cambodian ministry or university, a French university, a research laboratory, or a private partner) will be favored.

Applications not meeting the eligibility criteria will not be considered

Submissions have to be made by e-mail at the Embassy of France to scac.phnom-penh-amba@diplomatie.gouv.fr

In order to be eligible for this scholarship, you will also have to fill in all the information on the platform and submit the requested documents. To do so, please register here: <https://pastel.diplomatie.gouv.fr/etudesenfrance/dyn/public/authentication/login.html>

6. Applicants assessment process and results proclamation

Following your registration on the Etudes en France platform, you will be invited to an individual interview at the Espace Campus France in Phnom Penh with the Campus France Manager.

After reviewing all the applications, the best candidates will be invited at the Embassy (or via skype) for an interview.

If you're not invited to an interview at the end of March, you can consider that your application hasn't been selected.

Then, the final selection of the 2022 French government Scholarship awardees shall be made by a jury of scholars and specialists of the candidates' fields of study. This jury will gather in April, 2022. Its decision will be based both on the quality of the application file and on the applicant's oral performance on the day of the interview.

Results shall be published mid-May, 2022, on the Embassy's website: www.ambafrance-kh.org and on Campus France Cambodge's website: www.cambodge.campusfrance.org

ATTENTION: Please note that no scholarship will be considered as definitively awarded so long as all documents and certifications have not been submitted. In particular: bachelors, masters, French university registrations and language certifications obtained after the 23rd of March will have to be submitted to the Embassy before the launch of the scholarship.
